

Wisconsin Tax Records

UPDATED!

This page has a list of links to the official Government website pages organized by WI County for the public tax records which most of them are free but some do have paid subscriptions for different levels of service. Once on the government city tax portal you can typically find current owner names, former owners, mailing address, past history on the property, tax assessments, yearly taxes, tax break down, legal descriptions, school districts, parcel numbers, fair market value, property size, links to the GIS map for the parcel, permits, documents not just for real estate but personal property as well.
